

GTR COMMODITIES

2022 GENEVA

As a supporting partner of this event, we have secured the following benefits for you!

GTR Commodities, the premier gathering for the global commodity financing sector, will return to Geneva on September 20, 2022.

Once again providing an unrivalled platform for networking between leading industry experts, this year's meeting will feature in-depth assessment of the seismic shifts impacting global commodity trade and financing amidst the fall out of the Ukraine invasion and lingering pandemic-driven supply chain disruption. Interactive debate will seek to map a proactive course through a rapidly evolving trading landscape, identifying growing investment in new geographies to secure goods supply, the impact of energy security concerns on the decarbonisation and 'net-zero' agenda, the need to ensure traders of all sizes have suitable access to financing, and the role of technology in enhancing efficiency and transparency, from digitising crucial paper processes to tracking ESG performance.

Don't miss your chance to connect with a host of commodity traders, financiers, innovators and policymakers, and explore the unique set of opportunities and risks posed by a highly volatile business environment.
