

The Association of Foreign Banks in Switzerland AFBS

AFBS

The AFBS is the largest banking association in Switzerland, except the Swiss Bankers' Association SBA where nearly all banks, including most foreign banks, are affiliated. The AFBS is represented on the Board of the SBA and in its relevant steering groups and commissions and committees. The AFBS is also represented on the Board of esisuisse, the Depositor Protection Scheme, the Bank Employer's Association and the Swiss Funds & Asset Management Association. As many foreign banks are shareholders of SIX Group, the AFBS is represented on the Board of SIX Group.

Members

Currently the Association has 113 members: 96 banks - mostly subsidiaries or branches of a foreign bank, but also some banks whose principal shareholder are foreign private persons, holding companies or non-bank institutes located abroad. Furthermore, the Association counts 8 foreign-owned non-bank financial services providers as well as 9 observers which are Swiss banks and other Swiss non-bank financial services providers.
